

Active Air 4 Alternating Overlay

The Active Air 4 is a lightweight, easy to use Overlay that is placed on top of an existing foam mattress. Featuring COMFORT CONTROL and offering a suite of other features, the Active Air 4 caters to users considered to be “At Risk” of Pressure Injury. An ideal solution for Home Care or Facility environments.

- Semi Digital Pump – This simplified solution is easy to navigate and operate
- AutoLock – Control panel automatically locks after 30 seconds, preventing accidental mode changes
- Comfort Control Dial – Simplified pressure dial allows easy adjustment to suit user’s needs
- Sleep Quality - Innovative pump technology reduces noise and vibration, for a quieter sleep environment
- Infection Control - Welded seams and zip protection prevent fluid and bacterial ingress into the system
- Skin Microclimate - The multi-stretch cover reduces shear and offers a high Moisture Vapour transfer rate (MVTR)
- Workplace Health & Safety - The power cord is retained within the overlay eliminating its potential as a trip hazard
- Pressure Care Outcomes - Intelligent cell design maximises the duration of pressure reduction in the alternation cycle
- Laundry & Hygiene - Machine washable cover at 95° to achieve superior sanitising
