At the heart of Pride's philosophy is the understanding that mobility products empower lives. Through industry-leading, consumer-inspired designs, Pride offers an innovative, distinctive and performance driven comprehensive line of mobility products to help our customers lead the most active, independent lifestyles.

Aidacare works in close association with Pride Australia to promote and support Pride mobility products

- Pride Scooter products are all registered in the ARTG
- Please always read and understand your owners handbook before operating your new mobility scooter
- Please take care to observe safety and the speed limit requirements of your state when driving your mobility scooter
- Specification and other details on this information sheet may be subject to change without notice

- 1 Comfortable front-mounted post seat
- 2 Back-lit battery gauge on monitor
- 3 Front basket as standard
- 4 Sleek & sporty design
- 5 LED headlight, tail light and indicators on some models
- 6 Low profile, puncture proof tyres or pneumatic tyres

SAFE USE VIDEO

At Aidacare, we value the safety of our customers above all else. There are a few safety considerations we'd like you to understand before operating your device.

We strongly recommend all new mobility device customers watch our 7 minute YouTube video, 'Getting to Know your Power Mobility Device' that covers the above 8 points in detail and more.
